Dear Parents/Carers,

Following the Governments most recent advice we are continuing to provide care for a small number of children. If you are thinking of sending your child in, again we emphasise that we cannot guarantee once the children are back, the building will remain Covid-free. For those of you wishing to keep you children at home, learning packs and school lunch vouchers will continue to be sent out.

Half-Term begins Friday 22nd May and school will be open after half-term on Monday 1st June.

Again, we wish you a safe week.

If you are using technology at home which can provide hours of education and important social opportunities during this period, it can present risks. Here are some things you can do to help keep your child safe online during this unsettling time.

- Use the opportunity to talk with your child about how they are using online technology.
- Encourage them to speak to you or another adult immediately if they have any worries or concerns.
- Set up or review your parental controls.
- Use online resources :
 - Thinkuknow** have created a parent help sheet and some home activity packs
 - Childline** is a useful resource for children to access
 - The NSPCC** has lots of advice and resources for families at home

COMPETITIONS TO TAKE PART IN...

Create a piece of art inspired by nature -
