**Parent Partnership**

**Working Group**

When parents are involved in their education, children do better on a wide range of measures. These positive effects include: better behaviour, more confidence and greater self-esteem. Being involved provides a level of consistency between the home and learning environment.

**Why not come along and become part of the working group to support your child, The Willows and share your parent voice.**

*Fortnightly event to support parents, carers and those in the Willows Community.*
