Dear Parents/Carers,

I trust the past week has gone safely and the learning packs are supporting your child with maintaining skills they have been taught at school so far.

We have had a number of parents calling in, concerned about how they are coping with helping children learn at home. It is understandable that you would be concerned, however, trust yourselves and go with your instincts.

Do what you can and remember that forging a positive relationship with your child is the best thing you can do.

Read with them, bake with them, take them for safe walks for exercise if you can.

Maintaining a positive relationship is possibly paramount, and the rest will follow. Do what you can and don't stress over what you cannot control.

Finally if you are worried about any aspects of your child's home learning, please feel free to call us at school for support.

From Monday, May 11th, the school will be officially open to all pupils, and currently we are working on ways to provide a safe learning environment for all children and adults in the building.

Please keep in mind that attendance is not compulsory and that, although the school had a deep clean over Easter, again we need to state that, although we are doing what we can to ensure a safe environment for all, we cannot guarantee that once the children are back, the building will remain Covid-free. We await the government guidance on Sunday which we hope will inform us on the way forward.

In the meantime, for those of you wishing to keep your children at home, learning packs and school lunch vouchers will continue to be sent out. Again, we wish you a safe week.
