Governing Body Trustees and Governors

The Governors and Trustees work closely with the head teacher and the senior leadership team. They are the key strategic decision makers and vision setters in our school. They are also a key part of the overall system for school accountability. Our Governors have a vital role to play in driving up our school and pupil performance and ensuring that resources are used well to give every child the best possible education.

At The Willows School Academy Trust, we are fortunate to have a very effective governing body, with many highly experienced, committed and knowledgeable governors.
